Dear CTY Talent Search Family:

We're pleased that you've enrolled your child in the Johns Hopkins Center for Talented Youth (CTY) 2014–2015 Talent Search.

CTY identifies and develops the academic talents of the most promising young people of the next generation. The founder of Facebook and the co-founder of Google are CTY alumni—proof that self-described “CTYers” grow up to lead their generation and shape the course of history.

Your child’s next step with CTY is testing. This booklet spells out the test options available and lets you know how to sign up for the test you choose.

CTY’s Talent Search will provide you with a new type of knowledge about your child’s current academic development, as well as a way to affirm, recognize, and celebrate academic talent and motivation. Our goal is to help young intellects take flight. Perhaps someday your child will look back and credit CTY as one of the boosters that helped him or her reach the stars.

Sincerely,

Elizabeth Albert
Senior Director, Academic Programs and Services
By participating in this year’s CTY Talent Search, your child joins children from all U.S. states and 120 countries since 1979.

Accreditation

The Center for Talented Youth is accredited for grades 5 through 12 by the Commission on Secondary Schools of the Middle States Association of Colleges and Schools.
Above-grade-level testing: What is it?

Above-grade-level testing is what makes CTY’s Talent Search and testing different from the testing that students usually encounter. Typically, students will take a test designed for a student his or her age or grade. This is true even for admission into a school’s gifted and talented program.

Very bright students often perform at the top percentiles on grade-level tests. When they do, the tests may be imprecise measures of true ability. Why? Because students with these scores have “hit the ceiling” of the test. The test can’t discern if the student has reached his or her level of ability, or if he/she could correctly answer even more difficult questions.

When students at the top percentiles take an above-grade-level test, the resulting scores spread out into an (approximately) normal distribution. In other words, a curve develops, with most students performing at the middle, and fewer at the low and high ends. This result highlights that students who originally scored at the top percentiles on grade-level tests were not all the same with respect to their abilities or their academic needs.

The higher ceiling of an above-grade-level test allows us to “test the limits” of a student’s ability. For many highly able students, this is the first time that they can see and appreciate the full extent of their own abilities. Above-grade-level testing identifies students who have the greatest need for advanced-level and fast-paced course work.

Good standardized test scores are objective measures of a child's ability. They are not influenced by a teacher's individual perception of a student, the “good student” bias, or parental aspirations for their child.

CTY offers 7th and 8th grade students a choice of four tests as part of the Talent Search. The SAT, ACT, and Advanced SCAT are all above-grade-level tests that were developed for older students, students several years ahead of your child in school. They assess quantitative and verbal reasoning abilities. The Spatial Test Battery (STB) was developed by CTY and normed on a CTY population; it assesses spatial reasoning abilities. Though taking more than one test is optional, many students will want to take the STB in addition to the SAT, ACT, or SCAT, in order to get a more complete profile of their verbal, mathematical and spatial abilities.

The SAT®, in particular, is a highly reliable, valid indicator of a student’s current level of academic ability. It assesses reasoning skills for CTY’s students because most of our students take the SAT before they have been exposed to the level of content on the exam. Research studies conducted by CTY and the Educational Testing Service (ETS) confirm the reliability, validity, and appropriateness of the SAT for the students in our Talent Search. Similar research supports the validity and appropriateness of the ACT®, SCAT, and STB for the students in CTY’s Talent Search.

Testing—A small step toward a big destination

Discover.
You’ll see a new way of looking at your math and verbal talents.

Participate!
You’ll open the doors to CTY, including courses for qualified students.
Be recognized.
You’ll receive a certificate to honor you for testing. Top-scorers are invited to special recognition ceremonies.

Grow confidently.
You’ll learn about yourself. Participants report stronger academic self-identity afterward.
Now it’s time to choose your test.

- SCAT School and College Ability Test
- STB Spatial Test Battery
SAT®

Test type: Paper-based
Test length: 3¾ hours
Test sections: Mathematics, Critical Reading, Writing
Testing dates: 6 dates (Oct–Jun)
Test locations: High schools and some educational institutions
Test fee: $52.50 (US) plus a non-U.S. regional fee that ranges from $85.50 to $94.50. Regions and fees are listed in the Student Registration Guide and at sat.org/intl-fees
Receive test results by mail: From SAT several weeks after test
View test results in MyCTY: 4 weeks after test

HIGHLIGHTS
• CTY’s longest-used test, since 1979
• A globally used college admission test
• The only test considered for CTY’s Study of Exceptional Talent
• Results are trusted the world over

ABOUT THE TEST
The SAT® measures students’ skills in reading, writing, and math—in addition to how students think, solve problems, and communicate. Results show how 7th and 8th grade Talent Search participants’ current development compares to high school test-takers worldwide.

TEST SECTIONS AND QUESTIONS
The SAT includes three sections:
• The critical reading questions measure how well students understand what they read, using sentence completion and passage-based reading questions. There are 67 multiple-choice questions in this section.
• The mathematics questions assess students’ ability to apply math concepts, solve problems, and understand charts, tables, and graphs. Students do not need to memorize formulas—they are provided. There are 44 multiple-choice questions and 10 questions that ask students to fill in their own answers.
• The writing questions ask students to communicate ideas clearly and effectively and apply the rules of standard written English. There are 49 multiple-choice questions in addition to the essay question. Please note that CTY does not consider the writing section score for its programs.

TEST TIMING
The total testing time for the SAT (not including breaks or setup time) is 3 hours and 45 minutes. The 25-minute essay will always be the first subsection of the SAT, followed by six 25-minute subsections and two 20-minute sections. The test always ends with a 10-minute multiple-choice writing subsection. There are three 5-minute breaks during the test: one after the second subsection, one after the fourth subsection, and one after the sixth subsection.

Note: Students may have snacks and drinks during the breaks in designated areas only.

SCORING
Each section of the SAT is scored on a scale of 200–800. For the writing portion, each essay is scored independently by two readers. One of the 25-minute subsections does not count toward the final score. This unscored subsection, known as the variable or equating subsection, may be a critical reading, mathematics, or multiple-choice writing subsection.
REGISTRATION

The mail-in registration form for the SAT is inside the envelope that accompanies the Student Registration Guide for the SAT and SAT Subject Tests. When completing the registration form, students need to take special note of the following:

1. Complete all the shaded boxes except for Box 1 (no photo required).
2. Box 11, including 11c, must be completed to ensure you received the test scores. Country codes are listed at collegeboard.org/sat-codes.
3. Box 17a is prefilled with the CTY Talent Search Code 5334 so that CTY receives the scores.
4. Your child must fill in the statement and sign the form in box 15. You also must select the test options for date, “SAT,” “SAT Test Fee,” in boxes 16a–c and “Non-U.S. Regional Fee” in box 20.
5. Omit boxes 6, 9–10, 13–14, and 18

For questions please contact CTY at: ctyinfo@jhu.edu or call 1-410-735-6278.

TEST REGISTRATION

- Review the SAT information in this packet and on the SAT website before registering.
- Please note: If your child needs testing accommodations, please consult the Student Registration Guide for the SAT and SAT Subject Tests or visit www.collegeboard.org/ssdstudents for more information.
- The SAT is given on specific days:
  - Test on October 11, 2014. Registration must be received by September 12.
  - Test on November 8, 2014. Registration must be received by October 9.
  - Test on December 6, 2014. Registration must be received by November 6.
  - Test on January 24, 2015. Registration must be received by December 29.
  - Test on May 2, 2015. Registration must be received by April 6.
  - Test on June 6, 2015. Registration must be received by May 8.
- Try to test by early January if you are interested in CTY’s 2015 Summer Programs. Registration for summer courses begins in January 2015.

- Important information for international students
  - International deadlines apply to anyone testing outside of the United States and U.S. territories.
  - International registration materials must be received by the international deadlines. Deadlines expire at midnight Eastern Time.
  - There is no late registration for international testing. Online and telephone registrations must be completed by the international deadline dates listed here.
  - Students registering through international representatives must submit their paper registration with full payment in time to arrive by the early registration deadline. Early deadlines occur on the Thursday approximately five weeks before the test date.
  - Sunday administrations usually occur the day after each Saturday test date for students who cannot test on Saturday due to religious observance. In October, the Sunday date has been moved to Oct. 19, 2014 to avoid conflict with a religious holiday.
  - The Language with Listening Tests are offered only in November.
  - Be sure your student is aware of restrictions that may apply to him or her. Go to sat.org/international for more information about additional policies and requirements.
To register for the SAT

- **Sign up online at sat.collegeboard.org for the SAT, if your child is 13 or older.**
  - Go to sat.org/register and follow the directions.
  - For a paper score report, choose “I want to receive a paper score report mailed to my home address” from the personal information screen. SAT purges 7th and 8th grade student scores in June of each year, so this will be your child’s only SAT record.
  - Click “Print my Admission Ticket” for the document your child must have for admission to the test center.
  - Click “Send my SAT Scores” and select “Johns Hopkins University Center for Talented Youth.” This is the only way we’ll receive your child’s scores.

- **Sign up using the paper form (sent via mail), if your child is not yet 13.**
  - Follow the directions given on the opposite page under “Registration.”
  - Boxes 8 and 14 Leave blank.
  - Be sure to select your test date in Box 16a and the SAT in Box 16b.
  - Box 17a Make sure “5334” is prefilled. Otherwise we won’t receive your child’s scores.
  - You’ll receive your child’s Admission Ticket no later than one week prior to the scheduled test.
  - Important: if you do not receive a ticket, call SAT Customer Service at +1-212-713-7789.

**STRATEGY AND PREPARATION**

Review the sample ACT preparation materials available online at www.actstudent.org.

**RECEIVING ACT SCORES**

If you register for the test by paper, or requested it during online registration, you will receive your score report from SAT in the mail about 5 weeks after testing. You will receive your scores before CTY receives them. If you have not received them by this time, please contact SAT at sat@info.collegeboard.org or +1-212-713-7789.

**SAT RETESTING**

Students may take the SAT as many times as they wish. Simply reregister directly with SAT.
Before the Test

SCAT

Test type: Computerized
Test length: 60–75 minutes
Test sections: Quantitative and Verbal
Testing dates: By appointment July 1–June 30
Test locations: Prometric test centers
Test fee: Fees vary by country range from $65-$195US
Receive test results by mail: From CTY 5 weeks after test
View test results in MyCTY: 5 business days after test

HIGHLIGHTS

• Shortest testing time
• Convenient option—fastest way to get results if attempting to qualify for CTY online or summer programs

ABOUT THE TEST

Since 1985, the Center for Talented Youth has identified talented students in elementary grades using the School and College Ability Test (SCAT). In May 1996, CTY purchased all rights to the SCAT from ETS and entered into an agreement with Prometric to computerize the SCAT and make the test available at computer test centers.

Because this is an above-grade-level test, after the test, you’ll receive information that shows how your child’s scores compare to that of students in his or her grade as well as students in the higher grades for whom the test questions were originally designed.

TEST SECTIONS AND QUESTIONS

The SCAT test has two sections, verbal and quantitative. Each section contains 55 questions, including five unidentified experimental items that do not count toward the student’s score.

The verbal section measures a student’s understanding of the meaning of words and verbal reasoning ability. Verbal questions are multiple-choice analogies, which require a student to choose the best pair of words to complete an analogy. Often, there may appear to be more than one answer that fits the analogy, but the correct answer is the one that best completes the analogy.

The quantitative section measures a student’s understanding of fundamental number operations. The quantitative questions are multiple-choice mathematical comparisons, which require a student to compare two mathematical quantities and determine which is greater. Problems are intended to measure mathematical reasoning ability and thus often do not require computation.

TEST TIMING

The two sections are each 22 minutes long, with additional time for tutorials. They are separated by an optional, student-directed 10-minute break. “Student-directed” means that the test center administrator will not start and end the break. It is the student’s responsibility to return to the test on time. If students take any other breaks during the test, timing will continue. Your appointment time will be for 90 minutes, but testing will usually take less than one hour. The maximum time for the test is 54 minutes, including the optional break.

Note: Parents must show photo ID and remain at the test center during testing. If parents leave the test center for any reason, the test will be stopped and the scores cancelled.

SCORING

The SCAT scaled scores range from 400 to 516 depending on the level the student takes. For more details on score ranges, please visit cty.jhu.edu/talent/testing. The scaled scores are based on the number of questions the student answers correctly out of 50.
Before the Test

TEST REGISTRATION
See SCAT Test Scheduling Worksheet on page 17.

STRATEGY AND PREPARATION
Review the sample SCAT test materials available online at cty.jhu.edu/talent/testing.

RECEIVING SCAT SCORES
Parents and students may access SCAT results five business days after testing through their MyCTY accounts (ctyjhu.org/mycty). An official SCAT score report explaining the test results will be mailed to you within five weeks of the test date. Along with your SCAT scores, you’ll receive a certificate of participation and a resource booklet called After the Test. Information on the CTY programs for which your child is eligible will be sent separately. If you do not receive your score report, please call CTY at 1-410-735-6278.

SCAT RETESTING
The SCAT may be taken twice during an academic year. You may request a new eligibility number required to retest through your child’s MyCTY account, ctyjhu.org/mycty.
Before the Test

STB (Grades 7-8)

**Testing type:** Computerized  
**Test length:** 75–90 minutes  
**Test sections:** 4 sections related to spatial ability  
**Testing dates:** By appointment July 1–June 30  
**Test locations:** Prometric test centers  
**Test fees:** Fees vary by country range from $80–$223US  
**Receive test results by mail:** From CTY 3 weeks after test  
**View test results in MyCTY:** 5 business days after test

**HIGHLIGHTS**
- Unique test that measures spatial ability  
- Appropriate for students seeking to qualify for CTY math or science courses  
- Convenient option—can get results quickly  
- Taken on computer at Prometric test centers worldwide

**ABOUT THE TEST**

The Spatial Test Battery (STB) was developed by The Johns Hopkins University Center for Talented Youth after seven years of research on the critical components of scientific innovation. Spatial ability is the ability to understand and remember the spatial relationships among objects, manipulate images in space, and visualize how separate parts of complex physical systems interrelate. This ability can be viewed as a unique type of intelligence, distinguishable from verbal, mathematical, and other forms of intellectual talent.

This test is designed primarily for students who have an interest in, or demonstrated talents in, mathematical, computer, and scientific studies. It may also be of interest to students who excel in the arts and humanities, as it may reveal unrecognized talents.

Along with an assessment of verbal, mathematical, and other forms of ability, the recognition of spatial ability provides a more comprehensive profile of talents that can be used for academic and career planning.

**TEST SECTIONS AND QUESTIONS**
- Visual Memory—Learning Phase (22 shapes): 8 minutes  
- Surface Development (30 questions): 12 minutes  
- Block Rotation (20 questions): 9 minutes  
- Visual Memory—Recall Phase (20 questions): 8 minutes  
- Perspectives (22 questions): 19 minutes

**TEST TIMING**

Each subtest will be timed separately. Within the subtests, easy tasks will come first and more difficult ones later. All items are multiple choice, and each task will have only one correct solution. Students will have a timer indicating the time remaining in the subtest and should pace themselves accordingly, remembering that later questions are more difficult. Students may also skip tasks in the subtest and return to them later. Students who wish to change an answer to a question already completed may go back and do so, within the subtest. Students may not move between different subtests—they may work on only one subtest at a time.

An appointment time at the test center will be for 2 hours; however, some students manage to take the test in under 30 minutes. Testing times of more than 90 minutes are the exception.

**Note:** Parents must show photo ID and remain at the test center during testing. If parents leave for any reason, the test will be stopped and the scores cancelled.

**SCORING**

Each subtest is scored separately. Students will receive a percentile rank for each subtest. Students will also receive a scaled score from 200–800, which represents a total or overall score for the test. CTY uses the scaled score to determine program eligibility into the Center’s math and science courses. (STB scores are not considered for humanities and writing course eligibility.)
TEST REGISTRATION
See STB Test Scheduling Worksheet on page 18.

STRATEGY AND PREPARATION
Review the sample STB test materials available online by clicking “Sample Items” at cty.jhu.edu/talent/testing/about/stb.html.

RECEIVING STB SCORES
Parents and students may access STB results five business days after testing through their MyCTY accounts. An official STB score report will be mailed to you within five weeks of the test date. Along with your scores, you’ll receive a certificate of participation and a resource booklet called After the Test. Information on the CTY programs for which your child is eligible will be sent separately. If you do not receive your score report, please call CTY at 1-410-735-6278.

STB RETESTING
The STB may be taken twice during an academic year. You may request a new eligibility number required to retest through your child’s MyCTY account, ctyjhu.org/mycty.
**PROMETRIC (for SCAT and STB)**

**CANCELLATION AND RESCHEDULING (for SCAT and STB)**

If you know within at least 48 hours of your testing appointment that you would like to cancel or reschedule, log onto www.prometric.com/JHUCTY/ or contact the Prometric Call Center at 1-800-688-5796 to speak with a customer service representative. (Note: A message cannot be left on voice mail to cancel or reschedule an appointment.)

If you determine that you will be unable to make your appointment less than 48 hours before your scheduled test time, please wait until the scheduled appointment time has passed, then call Prometric and ask the call center representative to “reset your eligibility.” If you missed your appointment, please call the Prometric Call Center at 1-800-688-5796 and ask them to “reset your eligibility.” You will then be able to schedule a new appointment.

**Rescheduling due to Illness or Extenuating Circumstances**

If you missed your appointment because your child was ill or due to some other extenuating circumstance and can provide a doctor’s note or appropriate documentation to Prometric, you may not be required to pay the rescheduling fee. If you would like to submit such documentation, please contact the Prometric Candidate Care Department at 1-800-853-6769. Make them aware of the situation, then fax your documentation to Prometric Candidate Care at 1-800-853-6781. Please make sure your contact information is clearly visible on your materials.

**Lateness/No-show**

If you do not show up for your test appointment or if you arrive more than 30 minutes late and cannot be seated, you will have to pay an additional rescheduling fee.

**Rescheduling:**

<table>
<thead>
<tr>
<th>Amount of notice before test</th>
<th>Rescheduling fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 or more days</td>
<td>No fee.</td>
</tr>
<tr>
<td>2-9 days</td>
<td>$20</td>
</tr>
<tr>
<td>48 hours or less</td>
<td>$44</td>
</tr>
<tr>

</tbody>
</table>

**DISABILITIES (for SCAT and STB)**

1. Obtain a Nonstandard Testing Accommodations form from CTY at cty.jhu.edu/disability/testing or by contacting us at 1-410-735-6278 or ctyinfo@jhu.edu.

2. Submit the form with documentation from a school official or other appropriate professional indicating a diagnosis and recommending accommodations to:
   - Dr. Emiko Kasahara
   - CTY Diagnostic and Counseling Center
   - McAuley Hall, Suite 400
   - 5801 Smith Avenue
   - Baltimore, Maryland 21209
   - Fax: 1-410-735-6631 or Email: dcc@jhu.edu

3. The Diagnostic and Counseling Center will decide on the request within 10 working days and inform parents of the decision.

4. Once you obtain approval from CTY, you will receive a telephone number to call to register through the Special Accommodations Department of the Prometric Call Center. Please contact Prometric at least 30 days before your desired appointment date to allow time for the requested accommodations to be made. Parents who fail to appear for their testing appointment will be charged any fees CTY incurred to arrange for special accommodation testing.

If you live more than 100 kms from the test center closest to you, please arrange to take a paper-based SCAT by following the directions on our website at http://cty.jhu.edu/gifted/dcc/InternationalSCAT.html.
PROMETRIC TEST CENTERS (for SCAT and STB)

Test fees subject to change. Before scheduling please check the Prometric website for the current fees and to find the center near you:

For cancellation and rescheduling only:
USA, Canada, Latin America, and all other US territories: 1-800-853-6769
Europe: 31-320-239-540
Middle East: 31-320-239-530
Africa: 31-320-239-593
India: 91-124-414-7700
Japan: 81-3-5541-4800
Asia Pacific: 603-7628-3333
SAT® Valid Identification

The student and parent must sign and date this form below.

STUDENT: Show this form to the test center supervisor when you take the SAT.
This is NOT the SAT Admission Ticket. This form must be presented WITH your SAT Admission Ticket.
This form is valid ONLY when the student has registered for the SAT and has received an SAT Admission Ticket from the College Board.

If you have not received your SAT Admission Ticket one week before the test date, you must call SAT Customer Service at +1-212-713-7789.

TEST CENTER SUPERVISOR: The bearer of this I.D. is a participant in CTY Talent Search: Grades 7–8, sponsored by the Center for Talented Youth at Johns Hopkins University. Please admit the bearer of this I.D. to the test center, if s/he has an SAT Admission Ticket that matches the student’s information on your test center attendance roster.

Please note that this student is NOT required to have photo identification. Consult your SAT Supervisor’s Manual for detailed information.

Student Signature ________________________________ Date ________

Parent/Guardian Signature __________________________ Date ________

Note:
Testing regulations require that only those individuals actually taking the SAT be allowed in the testing center. Parents/guardians, visitors, and school personnel who are not assisting with the test administration must leave the building/campus while the test administration is in progress (including during the breaks) and cannot return until it has been completed. Waiting accommodations will not be available, so parents/guardians and other visitors should make arrangements to meet students after the examination outside the building/campus. Cooperation with this regulation will help ensure an orderly administration of the SAT and minimize distraction for all test-takers. Thank you.

Please take a passport or valid identification to the test center on test day.
SCAT TEST SCHEDULING WORKSHEET

Know your SCAT eligibility number
You will be required to have your 9-digit SCAT Eligibility Number from CTY before you call to schedule your SCAT testing appointment. If you received this guide by mail, your child’s testing eligibility number is printed at the bottom of the letter accompanying this booklet. If you received this guide by email, your child’s eligibility number was in the body of an email from CTY. If you’ve lost or cannot find the eligibility number, you can access it by logging into MyCTY at ctyjhu.org/mycty.

Please make sure that the third digit in the eligibility number reflects your child’s current grade. If it does not, STOP, DO NOT REGISTER and please contact CTY immediately at 1-410-735-6278.

Record your 9-digit number here: __ __ __ __ __ __ __ __ __

Choose your options
1. When would you like your child to test?

________________________________________________________________________

2. What testing location would be convenient for you?
(See list of centers on page 16.)

________________________________________________________________________

3. If paying by credit card, please have your credit card number, expiration date and the three-digit code on the back of your card handy. If paying by electronic check, have your checkbook available.

Now schedule your test appointment
You can make an appointment with Prometric online at www.prometric.com/jhucty or by phone at 1-800-688-5796. The call center is open from 8 a.m. to 8 p.m. EST on weekdays. The SCAT test fee is $52.50 (US) plus a non-U.S. regional fee that ranges from $85.50 to $94.50., payable by credit card or electronic check. The fee will be charged immediately. Please call or go online at least three weeks before your preferred testing date.

Students must test by June 30, 2015. However, if you are interested in 2015 Summer Programs, please test as early as possible. Registration for summer courses opens in January and spaces fill quickly.

You can record your appointment information below. If you are not sure of the location of the test center, ask for directions when you schedule your appointment.

Confirmation number: ________________________________
Test date and time: ________________________________
Test Center address: ________________________________
Test Center telephone: ________________________________

Confirmation of Appointment
If you telephone to schedule an appointment, this sheet will be your only confirmation.
If you make an appointment online, you will receive an email confirmation.

________________________________________________________________________

Note: Remember to bring this page to the test center on the day of the examination. On test day, please arrive 30 minutes before your scheduled appointment. Parents must bring a photo ID. Parents will be asked to sign a Prometric Parental Release Form when checking in the student. Parents must remain in the test center for the duration of the testing. If parents leave for any reason, the test will stopped and scores cancelled.

I agree to have my child take the SCAT.

________________________________________________________________________
