CTY’s 2010 Talent Search is in full swing. Please be sure to spread the word about Talent Search to your family, friends, and teachers who have 2nd to 8th grade students. Interested families can apply online or download a paper application from the Talent Search home page, www.cty.jhu.edu/ts.

There are several information meetings scheduled throughout the fall and winter. To learn more about in-person events, visit www.cty.jhu.edu/ts/infomeet.html. Information about web-based meetings can be found at www.cty.jhu.edu/ts/infoweb.html.

2009 Award Ceremony Wrap-Up

Over 17,000 people attended award ceremonies at 41 sites across the U.S. and in Hong Kong during the spring. The honoree students and their families were treated to wonderful events by our university or specialty site co-hosts. Event speakers ranged from medical doctors to science professors to grad students working on unique research to college admissions officers.

This fall marks CTY’s first-ever award ceremonies for students testing between March 1—June 30. Over 2800 students are eligible for these regional events being held in the Mid-Atlantic, New England, Pacific Northwest, and Western Regions, as well as New Jersey and New York states. CTY is very pleased to extend this very special recognition opportunity to more eligible students!
