Cardholder Name

Cardholder's Signature

Please mail this form to:  

**Johns Hopkins CTY**  
PO Box 64710  
Baltimore, MD 21264

Questions? Please call or email the DCC: 410-735-6233 or **cty-dcc@jhu.edu**.
Frequently Asked Questions:
Personality Assessment and Career Planning (PACP)

How can my child participate?

➢ Mail the application form to CTY.

➢ All questionnaires are online! Your child will receive an email providing instructions and links to the questionnaires. It usually takes about 2-3 hours to complete the assessments. All three questionnaires must be completed to write a report for your child.

➢ Approximately 4-6 weeks later, your child will receive his/her personalized report with additional resources.

What assessments do you use?

➢ The Myers-Briggs Type Indicator, which provides insights into how your child relates to the world and to others, how he or she likes to learn, and his or her preferred ways of handling challenges.

➢ The Strong Interest Inventory, which identifies the kinds of professional challenges and environments most likely to stimulate and engage your child.

➢ The Interests and Self-Perceptions Inventory, which asks your child to provide additional information about his/her personality style, interests, and aspirations.

What does the personalized report include?

➢ Results from the assessments, as well as a guide to help interpret and understand the results.

➢ A personal written report integrating your child’s personality type, learning style, interests, as well as suitable college study areas and careers.

➢ Additional resources on personal development, goal-setting, college programs, and career exploration.
