* *EVAL in the grade column indicates that CTY does not normally award a grade for the course, but instead provides students with a narrative evaluation written by the instructor. CTY awards letter grades for these courses if a grade is required by CTY or if parents submit a written request for the course to be graded. In these cases, the grade is indicated in parentheses. ENROLLED indicates that the course has not ended as of the date of this document.

*** The Study of Exceptional Talent identifies profoundly gifted students who score 700 or above in verbal or math before the age of 13.

CTY is accredited for grades K through 12 by the Middle States Association of Colleges and Schools Commissions on Elementary and Secondary Schools.
